

REMARKS

The Examiner has rejected Claims 11-24 as being directed to non-statutory subject matter. The application is directed to a computer based system as can be seen from the terms including uploading of content. Applicant has amended Claim 11 accordingly and therefore all of the dependent claims also.

The Examiner has rejected Claims 8, 15 and 16 under 35 USC 112. Applicant has amended Claims 8 and 15 and since Claim 16 depends on Claim 15, there is no need to amend Claim 16.

The Examiner has rejected Claims 1-24 as being obvious over Stefik, '980 in view of Stefik, '056.

The Stefik, '056 patent publication was filed on December 18, 2003. The present application was filed on August 19, 2003 prior to the filing date of the Stefik patent publication. Therefore, the Stefik patent publication cannot be used as prior art for an obviousness rejection. The same was discussed with the Examiner on May 19, 2008. Therefore, Claims 1-24 are allowable over the prior art.

Applicant believes that the application is now in condition for allowance.
